

WILD ABOUT LEARNING 2006

Liberty Elementary

2005-2006

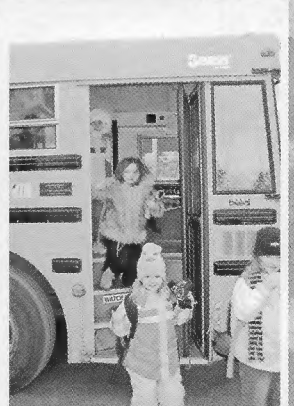

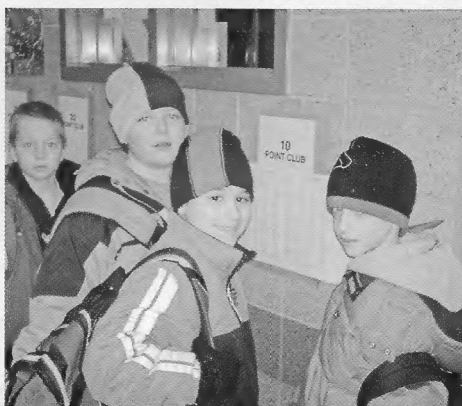

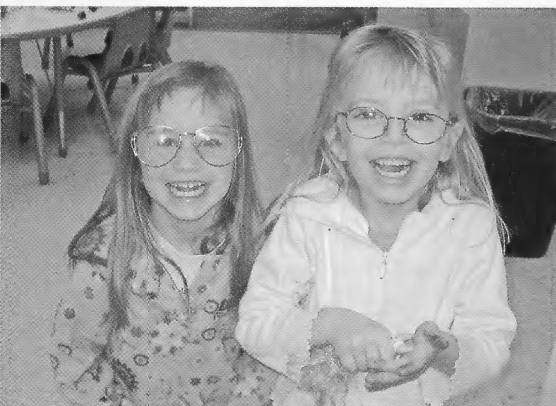

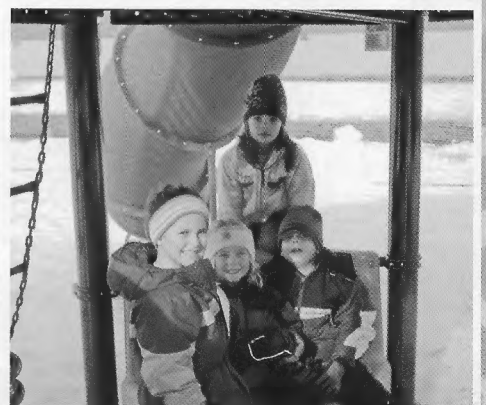

Liberty Elementary Principals

Greetings to All,
"Change" is a word you hear very often in the Big Lake Community. We see change everyday with our students -- in their physical and academic growth. In school year 2006-2007, we will see a big change at Liberty and Independence Elementary Schools. For the last three years, Liberty has been the home to pre-kindergarten through second grade students. Independence was home to the third through fifth grade students. Next fall, Liberty will have pre-kindergarten through 5th grade and Independence will have kindergarten through 5th grade students in the building. I know I am looking forward to having the older students back with the primary students. It will give us many opportunities to do different types of activities and events throughout the school year. As we look back on school year 2005-2006, we think about some of the fun things that happened -- roller-skating in Phy. Ed. class, Lunch with the Principals, having Cheesly and Cheddar in classrooms that were quiet in the hallways, and a variety of enrichment classes (bubble machines, Junior Great Books, etc.). Title 1 provided fun activities to those who work so hard in reading and math. There were various field trips to the apple orchard, tree farm, and Orchestra Hall, plus special programs -- Artist in Residence, Ken Lonnquist. I want to thank all the students and adults for their hard work and great attitudes throughout the school year. It makes Liberty Elementary a very SPECIAL PLACE to come to everyday.

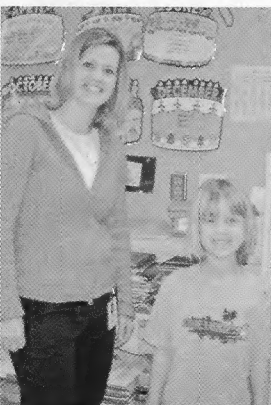

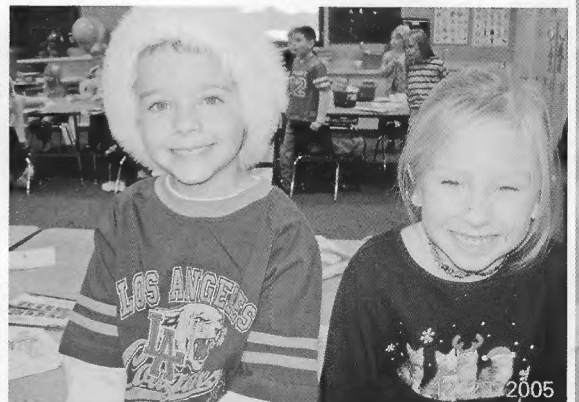

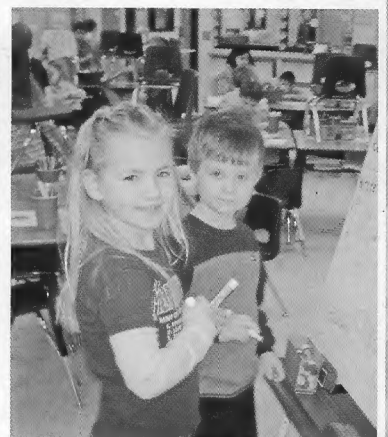

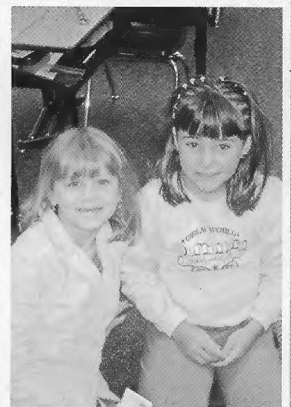

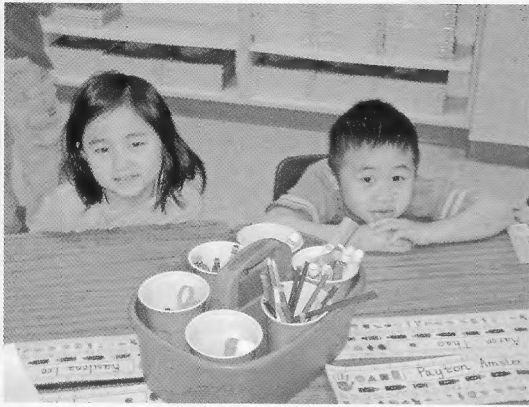

Sincerely,
Julie LeCaptain
Liberty Elementary Principal
